

## SYMPTOMS OF INDIGESTION.

INDIGESTION or Dyspepsia shows itself by feelings of pain, tenderness, weight, fullness, distention, oppression, or general uneasiness after partaking of food. Heartburn, Flatulence, Drowsiness, Nausea, Vomiting, either after meals or in the early morning; flushings of the Face, with redness about the Nose; Sick Headaches, furrowed, dry, or white-coated Tongue; foulness of breath, acidity, frequent rising of a watery, acid, sour fluid in the mouth; loss of appetite (more especially after breakfast); Giddiness, Faintness, feeling of Languor and Restlessness with disinclination to move after eating; Irritability and Mental Depression, sometimes amounting to Melancholy; Feeble or a Torpid condition of the Bowels. Nothing acts so readily upon these stomach derangements as Warner's Safe Cure.

It increases the quantity and improves the quality of the Gastric Juice and the highest digestive efficiency is thus maintained. The appetite returns, Digestion and Assimilation are rendered perfect. The most acute suffering from the above symptoms is quickly subdued by the use of Warner's Safe Cure.

## DYING HOURS OF THE SESSION

The North Carolina Law Makers Expected to Adjourn To-day.

## WORKING AN OMNIBUS BILL.

The Appropriations Quarter of a Million Over Two Years Ago—Anxiety Felt as to Getting Sufficient Revenue, Especially for Schools.

(Special Dispatch to The Times.)  
RALEIGH, N. C., March 13.—The prevailing opinion among members of the General Assembly is that the House of Representatives will complete its work and adjourn sometime to-morrow afternoon or evening.

The house now has under consideration the omnibus appropriation bill, carrying appropriations for the various State institutions to the amount of \$91,000, an increase of \$20,000 over the appropriations by the 1899 Legislature.

The consideration of the bill has already resulted in a reduction of the allowance to the State University of \$1,000, making the appropriation \$30,000 annually, instead of \$31,000, the amount recommended by the Committee on Appropriations. This is \$11,000 more than was appropriated by the 1899 Assembly.

There is strong apprehension that the revenue act now running the gamut of the House and Senate, and which by the way, is being "hammered" by the Senate into almost unrecognizable condition, as compared with its provisions as it passed the House, will not yield a revenue sufficient to meet the expenses of the State government and pay the appropriations being made by the Assembly.

There is special apprehension that the appropriation of \$200,000 for the public schools will in a large measure go by default for lack of funds unless some further action is taken. To this end Governor Aycock has sent a special messenger to the Assembly, urging that a fund in cash and bonds amounting to about \$75,000, accumulated during many years past from the sale of swamp and other public lands, be placed at the disposal of the Board of Education for use during the next two years. If the board deems it expedient, heretofore only the interest on this fund has been used for educational purposes. In his message Governor Aycock says that "a poor and untutored people cannot afford to board funds for the purpose of education in the future."

A bill in line with the recommendation of the Governor was introduced in the House to-day and will doubtless be enacted into law.

North Carolina now, according to reliable estimates, expends about \$100,000 in the maintenance of public schools. This includes, of course, the county and

incorporated town funds, as well as the general appropriation by the State.

NO CLANXON AS TO DIVORCES.  
The failure of the House to concur in a Senate amendment to the bill regulating divorces has killed the bill so that there will be no change in North Carolina divorce laws. The amendment provided that divorces could be procured on the ground of three years' abandonment.

The Board of Directors of the State Hospital for the Insane at Raleigh met today and elected Dr. James McKee, of Raleigh, superintendent, to succeed the late Dr. George L. Kirby. There were sixteen applicants for the position.

MINERAL WATER IN CULPEPER.  
Proprietors of Thomas Spring to Build a Hotel.

(Special Dispatch to The Times.)  
FREDERICKSBURG, VA., March 13.—The meeting of the Business Men's Association last night was animated. The special subject under discussion was a bill for the Rappahannock, to run exclusively between this city and the mouth of the river, touching all intermediate wharves. A resolution was adopted requesting Mr. Henry Williams, president of the Western Steamboat Company, of Baltimore, to hold a conference with the association with the view of agreeing upon a schedule that will be satisfactory to the people of this city.

The store house on Main Street owned by the estate of the late William Lane was sold to-day to Mrs. Frederick Brule for \$1,500.

The water of Thomas Spring, Culpeper county, has long had a local reputation for valuable mineral properties. The property has been purchased by three Kentuckians, Messrs. Baker, Middleton and Tapp, who have formed a company, known as the Berry Hill Mineral Springs Company. The water is being shipped in large quantities to distant points and is rapidly acquiring a general reputation.

A hotel will be built at the spring, and the proprietors will probably conduct it as a summer resort.

Fighting the Smallpox.  
(Special Dispatch to The Times.)  
HILLSVILLE, VA., March 13.—Dr. John A. Tipton, chairman of the Board of Health for Carroll county, has just returned from a tour of inspection in the neighborhood of Rorer's toll-bridge, about twenty miles southeast of Hillsville and near the Patrick line. He says there are five or six cases of genuine smallpox in that neighborhood. It appears that the infected parties contracted the disease in Mt. Airy, N. C., where they had been to market with their produce. When they first began to complain, their unsuspecting neighbors came in from far and near to see them and render such services as the condition of the sick ones required; consequently there are about twenty-five or thirty exposures to be looked after.

Dr. Tipton put Dr. J. W. Balen in charge, with full power to do anything the Board of Health can do with reference to it, such as quarantining, vaccinating, etc. It is to be hoped that Dr. Balen will succeed in preventing the spread of the disease.

Many enlistments are being recorded at the recruiting office, this city. A detachment of recruits will be sent off in a few days.

## THE FUNERAL OF MR. WALTERS

Many Business Houses Honored Memory of the Dead Man.

## BAILEY STILL UNDER GUARD

It is Generally Believed That He Will Be Acquitted on the Ground of Self-Defense—Able Lawyers Are Retained to Defend Him.

(Special Dispatch to The Times.)  
CHARLOTTESVILLE, VA., March 13.—Never before, perhaps, in the history of the city of Charlottesville has there been a funeral attended by more people than the one at 2 o'clock this afternoon, when thousands of people turned out to honor the memory of John L. Walters.

The Methodist Church, where the services were held, had not the capacity to seat the immense concourse of people who turned out. There were hundreds, if not thousands, who could not get into the building. All the city offices were closed and many business houses during the afternoon.

This was a remarkable tribute to the popularity of Mr. Walters.

He was an Elk, and the Charlottesville Lodge, which has about seventy-five members, turned out almost to a man. The floral offerings were many and some of the designs were exceedingly handsome.

Rev. C. L. Bane, the pastor of the church, conducted the services.

MEETING BROKEN UP.  
Mr. Walters had recently connected himself with this church. There was a meeting in progress at the church Monday night when the news of the killing of the city treasurer was received. The congregation was immediately adjourned.

Walker Whiteside and his company were giving an entertainment at the Opera House. The story of the shooting was quickly passed around and nearly everybody left for Mr. Walters' residence.

Already there are many candidates to succeed Mr. Walters as city treasurer. Judge George W. Morris will soon make an appointment to fill the vacancy.

MR. BAILEY SILENT.  
Mr. Stuart Bailey, who shot and killed Mr. Walters, is still at his sister's house under police guard. He has refused to discuss the tragedy further than to say that he protected his sister and killed his brother-in-law in self-defense. His preliminary examination may be had to-morrow.

Messrs. Daniel Harmon and George Perkins, two of the ablest lawyers at the bar here, are counsel for Bailey. Commonwealth's Attorney Frank Gilmer will prosecute the case.

The people, as a rule, think Bailey will be acquitted. Feeling is somewhat better toward Mr. Walters than it was before. Mr. Walters had done so much for and whom he suspected of intimacy with his wife, Mr. Farrar was at his place of business to-day, but had little to say to any one.

## LEXINGTON DEVELOPMENT.

A Negro Fined and Imprisoned for Violating the Liquor Law.

(Special Dispatch to The Times.)  
LEXINGTON, VA., March 13.—Attorney Hugh A. White, of Buena Vista, representing the stockholders of the Lexington Development Company, has gained a postponement of the suit brought against the stockholders by Mr. J. R. Williams, of Richmond, representing the Development Company.

Application was made to Judge S. H. Letcher, of the Circuit Court, to enjoin the receiver, Mr. Williams, from recovery until which was refused. Mr. White thereupon sent the papers to Judge George D. Harrison, of the Virginia Court of Appeals, and the application was granted.

Another negro is in trouble for violation of the local option law, which prohibits the sale of liquor in Lexington and Rockbridge county. Milton Pettigrew was caught by a policeman in the act of receiving and exchanging money for whiskey.

He was tried before a justice of the peace, and although defended by two lawyers, was fined \$5 and committed to jail for sixty days. An appeal from the decision was taken.

## TO HAVE A BIG RESEVOIR.

Plans Accepted for One at Eastern Hospital—Williamsburg Notes.

(Special Dispatch to The Times.)  
WILLIAMSBURG, VA., March 13.—The Executive Committee of the Eastern State Hospital, composed of Colonel Walter H. Taylor, of Norfolk, chairman; Captain Terence McCracken, of Fredericksburg, and Mr. H. D. Coles, of Williamsburg, met here to-day. Plans and specifications for a large reservoir were accepted, and bids for the work will be asked at once.

A meeting of the stockholders of the Williamsburg Knitting Mill Company was held here last night. The old directors were re-elected except Mr. J. P. Barney, no longer a stockholder. Mr. J. B. C. Spencer, of this city, was elected in his stead.

## SHEEP RAISING IN VIRGINIA.

Thomas F. Ryan and Mr. Woods to Engage in the Industry.

(Special Dispatch to The Times.)  
CHARLOTTESVILLE, VA., March 13.—Mr. Thomas F. Ryan, a wealthy gentleman of New York, and Mr. Samuel B. Woods, of Albemarle, have arranged to open a large ranch for the raising of sheep on a large scale.

They have purchased three thousand acres of land in Nelson county, on which they expect to begin with twelve hundred ewes. A large sheep barn, capable of housing the entire flock, will be built immediately, and the business will be conducted by experienced shepherds, who will have charge of him to the Cor the flock night and day. They are now putting in extensive crops and sowing orchard grass, clover, and blue grass.

## MR. STRODE A CANDIDATE.

May Represent Amherst in the Constitutional Convention.

(Special Dispatch to The Times.)  
AMHERST, VA., March 13.—Mr. Aubrey E. Strode, to-day formally announced himself a candidate for the Democratic nomination for delegate from this county to the Constitutional Convention.

Mr. Strode is a brilliant young lawyer of Amherst, a graduate of the distinguished educator, Prof. A. E. Strode, who was in his day widely known in Virginia and throughout the South. He has won distinction as an orator and when application was made by him to the Court to appoint him to the position of judge, he was elected to practice his chosen profession, it is said by

## Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs.

This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as many people suppose.

When as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy, the mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the testimonials of sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.
